

PERSONAL INFORMATION Florin Spineanu

WORK EXPERIENCE

2014-present	Representative of Romania Programme Committee EURATOM
2009-present	Representative of Romania F4E Governing Board
2008-2013	Representative of Romania Consultative Committee EURATOM fusion (CCE-FU)
2000-2002	Representative of the Association EURATOM – MEdC Romania Fusion Physics Committee
1981-present	Research Scientist Natl. Inst. Laser Plasma Radiation Phys. Bucharest, Romania

EDUCATION AND TRAINING

1985-1992	PhD Physics University of Bucharest, Romania
1981-1986	MSc Mathematics University of Bucharest
1972-1977	MSc Physics University of Bucharest

ADDITIONAL INFORMATION

Professional Interests	Head of Research Unit of the Association EURATOM – MEdC Romania (2008-2011). Member of the Scientific Council of the National Institute of Laser, Plasma and Radiation Physics (since 2014)
Projects	Research Grants on fusion plasma theory (transport, turbulence, coherent structures, etc.) from the Ministry of National Education (Romania) and EFDA (2000-2014)
Memberships	
Publications and Patents	Over 70 published papers in the field of plasma theory, mainly fusion plasma
Other Relevant Information	Collaboration with several groups working on fusion theory. No involvement in works related to the design or construction of ITER.
