In particular and notwithstanding the prerogatives allocated to the Executive Committee and the Administrative and Finance Committee, the Governing Board shall entrust the Audit Committee with:

(External Audit and Internal Audit)

- the analysis of audit results from external audits (European Court of Auditors);

- the examination of any assessment activities deemed necessary to ensure that the recommendations of the Internal Auditor (in the following "IAS"), those of the Internal Audit Capability (in the following "IAC") and those of the European Court of Auditors are taken into account by the Director (and, when relevant, by the Governing Board) and receive appropriate follow-up;

- the oversight of the Internal Audit activities, in particular the assessment of the annual planning process and of the quality of audit work.
- The Audit Committee guarantees the independence and objectivity of the Internal Audit Capability of Fusion for Energy.
