korea

russia

**Evaluation Process & Contract Award:**

Proposals will be evaluated by an impartial, professionally competent technical evaluation committee of the ITER Organisation. A contract will be awarded on the basis of best value for money according to the following:

usa

Technical Content – 60 Points. The tenderer must provide details evidencing their knowledge and experience in the key criteria areas listed below. The evaluation committee will evaluate the information provided in these key areas. No other criteria will be used.

<i>A Masters degree or equivalent in Engineering or Physics.</i>	<i>Experience in working on a fusion system and in particular on internal components.</i>	<i>A minimum of 5 year's practical experience in general Engineering with some practical experience in Project Management, in particular the preparation, running and post-follow-up of design reviews of complex systems.</i>	<i>Experience in working with ANSYS software Mechanical and Workbench.</i>	<i>Ability to work effectively in a multi-cultural environment, working in a team, monitoring activities with superior planning and organisational skills.</i>
<b>5 Points</b>	<b>15 Points</b>	<b>20 Points</b>	<b>10 Points</b>	<b>10 Points</b>

Financial Offer – 40 points. The lowest priced financial offer will receive the maximum score of 40 points. All other financial offers will be divided into the lowest priced offer in turn (next highest) providing a score that is inversely proportionate to the price being offered.

The proposal with the best score out of a maximum of 100 points will be deemed to represent the best value for money.

Yours sincerely

A handwritten signature in blue ink, appearing to be 'W. De Cat', with a long horizontal stroke extending to the right.
