Evaluation Process & Contract Award:
Proposals will be evaluated by an impartial, professionally competent technical evaluation committee of the ITER Organisation. A contract will be awarded on the basis of best value for money according to the following:

Technical Content = 60 points: The tenderer must provide details evidencing their knowledge and experience in the key criteria areas listed below. The evaluation committee will evaluate the information provided in these key areas. No other criteria will be used.

- Development of supervisory control and data acquisition tools ............... = 20 points
- Ability to work in collaboration with laboratories and universities on open source solutions ........................................ = 20 points
- Experience in Software engineering............................................ = 10 points
- Good planning and organisational skills ...................................... = 10 points

Contact: John Taylor – Procurement & Contracts Division - Tel. +33 (0)4 42176152 - e-mail: john.taylor@iter.org
Financial Offer = 40 points: The lowest priced financial offer will receive the maximum score of 40 points. All other financial offers will be divided into the lowest priced offer in turn (next highest) providing a score that is inversely proportionate to the price being offered.

The proposal with the best weighted score out of a maximum of 100 points will be deemed to represent the best value for money.

Yours sincerely,

Françoise Flament
Head of Procurement and Contracts Division
