Deadline for submission of proposals:

4th August 2017 at 16.00h CET

Address for submission of proposal:

michael.minihane@iter.org copy to psc@iter.org

Evaluation Process & Contract Award:

Proposals will be evaluated by an impartial, professionally competent technical evaluation committee of the ITER Organisation. A contract will be awarded on the basis of best value for money according to the following:

Technical Content - 100 points weighed by 60%: The tenderer must provide details evidencing their knowledge and experience in the key criteria areas listed below. The evaluation committee will evaluate the information provided in these key areas. No other criteria will be used.

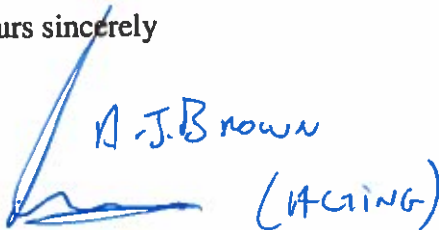

- Minimum of five years experience working on projects in large scientific facilities on design of components, commissioning and/or operation.....25 points
 - Experience of following-up industrial contracts particularly in the area of critical mission components.....10 points
 - Experience in the organisation of technical reviews in a scientific and/or international environment.....20 points
 - Minimum of two years experience of working in tokamak systems or SC magnet technology, RF technology or machine protection and interlock systems.....25 points
-

- Experience of conflict resolution, ability to arbitrate between different scientific international teams.....20 points

Financial Offer -100 points weighted by 40%: The lowest priced financial offer will receive the maximum score of 100 points. All other financial offers will be divided into the lowest priced offer in turn (next highest) providing a score that is inversely proportionate to the price being offered.

The proposal with the best weighted score out of a maximum of 100 points will be deemed to represent the best value for money.

Yours sincerely

A handwritten signature in blue ink that reads 'N.J. Brown' followed by '(Acting)' in parentheses.
